## During Transitions, You Can't Afford to Go Without Coverage

### BETWEEN JOBS

If you're between jobs, consider Short Term Medical. It's a more affordable option than COBRA\*, Short Term Medical offers next-day coverage.

### WAITING FOR EMPLOYER BENEFITS

New employers often impose a waiting period before you're eligible for health benefits. With Short Term Medical, you stay insured and can choose the length of your plan.

### TEMPORARY OR SEASONAL EMPLOYEES

When your employment schedule is unpredictable, it's hard to maintain health coverage. Short Term Medical offers flexible coverage options to suit your situation.

### NEWLY INDEPENDENT

Young adults and recent graduates may no longer be eligible for health insurance through a student plan or their parents' plan. Short Term Medical insurance is an affordable way to fill the gap until you can secure permanent insurance.

\* Short Term Medical insurance is often a lower-cost alternative to COBRA. However, if you purchase Short Term Medical rather than maintaining COBRA coverage, you may give up your rights to coverage for pre-existing conditions or guaranteed health insurance in the future. This brochure provides a brief description of the important features of this plan. State mandated benefits, if applicable, are incorporated in your policy.

## Follow These Four Easy Steps to Enroll:

### 1 Determine Whom to Cover

For your temporary health insurance needs, you may insure you, your spouse and/or your dependent children. For anyone with a pre-existing condition, our individual medical plans or COBRA may be a better coverage option.

### 2 Verify Eligibility

Each person must be between the age of 30 days and 64 years, 11 months. To be considered dependents, your children must be younger than 18, or 24 if full-time students.

Look at the health questions next to the **?** symbol on the enrollment form. You will not be eligible for Short Term Medical coverage if you answer “yes” to any health question.

**Short Term Medical plans provide coverage for unexpected illnesses and injuries,** meaning they do not cover pre-existing conditions. A pre-existing condition is a medical condition due to sickness or injury

- for which you received medical treatment or advice during the 5-year period immediately prior to your Short Term Medical effective date, regardless of whether the condition was diagnosed or not.

If you have a pre-existing condition, treatment for that condition will be excluded from your Short Term Medical plan.

### 3 Design Your Plan

Your plan design is based on the following choices:

#### Deductible

A low deductible results in a higher premium, while a higher deductible will lower your premium, but also result in more out-of-pocket expense.

#### Coinsurance

Coinsurance is the percent of medical expenses Assurant Health and you pay after your deductible is satisfied. You are responsible for your deductible plus a portion of the next \$10,000\* in covered expenses. After that, we pay 100% of covered charges to the lifetime maximum of \$2 million.

*\* For 12-month policies (181-360 days), you are responsible for your deductible plus a portion of the next \$25,000 in covered expenses.*

#### Length of Coverage

STM is flexible enough to cover you from one month (30 days) up to six months (180 days). Coverage is also available for up to 12 months (360 days)—ask your agent.

#### Payment Options

You have two payment options. If you want flexibility, select MONTHLY PAY to pay as you go. If you want to **save 20%, choose the SINGLE PAY option** and make a one-time, up-front payment. Both options require payment when you enroll, regardless of your effective date. Your welcome packet will provide the specifics on all payment details.

Here's an example of how much you would pay in premium, deductible, and coinsurance if you broke your leg and required \$15,000 in medical treatment.

| IF YOU CHOSE  | YOU WOULD PAY   | ASSURANT HEALTH WOULD PAY |
|---|---|---------------------------|
| <ul style="list-style-type: none"> <li>• \$1,000 deductible</li> <li>• 80/20 coinsurance</li> </ul> <i>Nationwide average premium for a 33-year-old is \$91.93 per month.</i> | <b>\$3,000</b><br>(\$1,000 deductible + \$2,000 coinsurance [20% of the next \$10,000]) | <b>\$12,000</b>           |
| <ul style="list-style-type: none"> <li>• \$2,500 deductible</li> <li>• 80/20 coinsurance</li> </ul> <i>Nationwide average premium for a 33-year-old is \$71.50 per month.</i> | <b>\$4,500</b><br>(\$2,500 deductible + \$2,000 coinsurance [20% of the next \$10,000]) | <b>\$10,500</b>           |

#### 4 Calculate Your Premium and Complete the Enrollment Form

Now it's time to calculate your premium and complete the enrollment form.

##### Few things to remember:

- The \$250, \$500, \$1,000 and the \$3,500 deductible options are only available with the 6 month plan (30-180 days).
- The \$5,000 deductible is only available with the 12 month plan (181-360 days).
