INTRODUCTION

This guide provides information about the evaluation process used in the underwriting and issuing of Medicare supplement insurance policies. Our goal is to process each application as quickly and efficiently as possible while assuring proper evaluation of each risk. To ensure we accomplish this goal, the producer or applicant will be contacted directly by underwriting if there are any problems with an application.

POLICY ISSUE GUIDELINES

All applicants must be covered under Medicare Part A & B in Washington; in all other states, only Part A is required. Policy issue is state specific. The applicant's state of residence controls the application, forms, premium and policy issue. If an applicant has more than one residence, the state where taxes are filed should be considered as the state of residence. Please refer to your introductory materials for required forms specific to your state.

Open Enrollment

To be eligible for Open Enrollment, an applicant must be at least 64 ½ years of age (in most states) and be within six months of his/her enrollment in Medicare Part B.

Applicants covered under Medicare Part B prior to age 65 are eligible for a six-month Open Enrollment period upon reaching age 65.

Additional Open Enrollment periods for Residents of the following state:

California – Annual Open Enrollment lasting 90 days, beginning 60 days before and ending 30 days after the individual's birthday, during which time a person may replace any Medicare supplement policy with a policy of equal or lesser benefits. Coverage will not be made effective prior to the individual's birthday. Please include documentation verifying the Plan information and paid to date of the current coverage. If replacing a pre-standardized Plan, a copy of the current policy or policy schedule is required.

Maine – One month Open Enrollment period every year in June for Plan A.

Individuals who have had a Medicare supplement plan or another health plan that supplements benefits provided by Medicare within 90 days are eligible for a plan that provides equal or lesser benefits. Please include documentation verifying the Plan information or the benefits of the coverage being replaced. Also be sure to include documentation showing the current coverage is in force or was in force within the last 90 days.

Applicants replacing a current 1990 Standardized plan with a 2010 Modernized plan, may apply for a 2010 Modernized Medicare supplement plan of equal or lesser benefits and would **not** be subject to underwriting guidelines.

New York – Year round Open Enrollment.

Vermont – Year round Open Enrollment.

Washington – Individuals who currently have a standardized Medicare supplement plan may replace the plan as indicated below on an Open Enrollment basis.

- Persons with a Plan A may only move to another Plan A.
- Persons with a Plan B, C, D E, F, G, M or N may move to any other Plan B, C, D, F (including high deductible), G, M or N. (Whether higher or lower in benefits compared to current plan.)
- Persons with a "Standardized" Plan H, I, or J may move to another less comprehensive Plan B, C, D, F, G, M or N.
- Persons with a Plan J will qualify for our Plan J Guarantee Issue Conversion rule. See Page 6 for details.
- Please include documentation verifying the Plan information and paid-to-date of the current coverage.

Note: Plans E, H, I and J will no longer be available for new business as of June 1, 2010.

Applicants applying for Plan N should **not** answer the comprehensive list of health questions. Plan N applicants in CO, FL, KS, ME, MN, PA and SD **are** required to answer the End-Stage Renal Disease (ESRD) question, along with the tobacco question in PA. The answers to the health questions on the application will determine the eligibility for coverage. If any health questions are answered “Yes,” the applicant is not eligible for coverage. Applicants will be accepted or declined. Elimination endorsements will not be used.

Health information, including answers to health questions on applications and claims information, is confidential and is protected by state and federal privacy laws. Accordingly, Mutual of Omaha and its affiliated companies do not disclose health information to any non-affiliated insurance company. Affiliated companies include United of Omaha Life Insurance Company and United World Life Insurance Company.

- Open Enrollment – Up to six months prior to the month the applicant turns age 65
- New York applicants may be taken up to 90 days prior to the month the applicant turns age 65
- Underwritten Cases – Up to 60 days prior to the requested coverage effective date
- Individuals whose employer group health plan coverage is ending can apply up to 3 months prior to the requested effective date of coverage.

Coverage Effective Dates

Coverage will be made effective as indicated below:

1. Between age 64 ½ and 65 years old – The first of the month the individual turns age 65
2. All Others – Application date or date of termination of other coverage, whichever is later

Replacements

A “replacement” takes place when an applicant terminates an existing Medicare supplement/Select policy with a new Medicare supplement/Select policy. Mutual of Omaha or United World require a fully completed application when applying for a replacement policy (both internal and external replacements).

A policyowner wanting to apply for a nontobacco plan must complete a new application and qualify for coverage.

Policyowners wishing to change their Risk Class rating because of weight loss must maintain that weight loss for at least 12 months. A new application is required and will be underwritten.

If an applicant has had a Medicare supplement/Select policy issued by Mutual of Omaha or one of its affiliates within the last 60 days, any new applications will be considered to be a replacement application. If more than 60 days has elapsed since prior coverage was in force, then applications will follow normal underwriting rules.

All replacements involving a Medicare supplement, Medicare Select or Medicare Advantage plan must include a completed Replacement Notice. One copy is to be left with the applicant; one copy should accompany the application. The replacement cannot be applied for on the exact same coverage and exact same company.

The replacement Medicare supplement policy cannot be issued in addition to any other existing Medicare supplement, Select or Medicare Advantage plan.

Reinstatements

When a Medicare supplement policy has lapsed and it is within 90 days of the last paid to date, coverage may be reinstated, based upon meeting the underwriting requirements. Renewal commission rates will continue based on the policy’s duration.

When a Medicare supplement policy has lapsed and it is more than 90 days beyond the last paid to date, the coverage cannot be reinstated. The client may, however, apply for new coverage. All underwriting requirements must be met before a new policy can be issued.

Medicare Select to Medicare Supplement Conversion Privilege

Policyowners covered under a Medicare Select plan with Mutual of Omaha or United World may decide they no longer wish to participate in our hospital network. Coverage may be converted to one of our Medicare supplement plans not containing network restrictions. We will make available any Medicare supplement policy offered in their state that provides equal or lesser benefits. A new application must be completed; however, evidence of insurability will not be required if the Medicare Select policy has been in force for at least six months at the time of conversion.

Telephone Interviews

Random telephone interviews with applicants will be conducted on underwritten cases. Please be sure to advise your clients that Underwriting may be calling to verify the information on their application.

Pharmaceutical Information

Mutual of Omaha and United World have implemented a process to support the collection of pharmaceutical information for underwritten Medicare supplement applications. In order to obtain the pharmaceutical information as requested, please be sure to include a completed “Authorization to Disclose Personal Information

(HIPAA)” form with all underwritten applications. This form is **not** required for applicants who are applying for Plan N. This form can be found in the Application Packet. Prescription information noted on the application will be compared to the additional pharmaceutical information received. This additional information will not be solely used to decline coverage.

Policy Delivery Receipt

Delivery receipts are required on all policies issued in Nebraska and South Dakota.

Two copies of the delivery receipt will be included in the policy package. One copy is to be left with the client. The second copy must be returned to Mutual of Omaha/United World in the postage paid envelope which is also included in the policy package.

Plan J Guarantee Issue Conversion:

Anyone who is issued a standardized “1990” Plan J before June 1, 2010 can keep that plan with all of the existing benefits as long as they choose and continue to pay the premiums.

However, in CA, ME, NE & WA where plan J is available for new business until June 1, 2010 the following special Guarantee Issue rule applies.

Policyholder’s who have a Mutual of Omaha or affiliate company Plan J can convert to another available plan offered by Mutual of Omaha or affiliate company in your state of residence, at any time, without having to pass underwriting.

Applicants, who have a Plan J with another company and want to convert to one of our available plans, would be subject to both the normal application process AND underwriting rules, unless they’re in a guarantee issue situation.

Plan J Guarantee Issue Conversion Options:

California United World Plan J may convert to one of our available United World Plans A, B, F, G, M or N
Maine and Nebraska Mutual Plan J may convert to one of our available Mutual Plans A, C, D, F, G, M, or N

PREMIUM

Calculating Premium

Utilize Outline of Coverage

- Determine ZIP code where the client resides and find the correct rate page for that ZIP code
- Determine Plan
- Determine if non-tobacco or tobacco
- Find Age/Gender - Verify that the age and date of birth are the exact age as of the application date
- This will be your base monthly premium

Tobacco rates do not apply during Open Enrollment or Guarantee Issue situations in the following states:

Colorado
Hawaii
Maryland
North Dakota
New Jersey
New York
Pennsylvania
Utah
Vermont
Washington

Types of Medicare Policy Ratings

- **Community-rated** - The same monthly premium is charged to everyone who has the Medicare policy, regardless of age. Premiums are the same no matter how old the applicant is. Premiums may go up because of inflation and other factors, but not based on age.
- **Issue-age-rated** – The premium is based on the age the applicant is when the Medicare policy is bought. Premiums are lower for applicants who buy at a younger age and won't change as they get older. Premiums may go up because of inflation and other factors, but not because of applicant's age.
- **Attained-age-rated** – The premium is based on the applicant's current age so the premium goes up as the applicant gets older. Premiums are low for younger buyers, but go up as they get older. In addition to change in age, premiums may also go up because of inflation and other factors.

Unisex Rates

The policies that are paid for under the List-Bill program will not be assigned different premium for males and females. Unisex rates will apply to all applicants in these situations.

Completing the Premium on the Application

Premiums are calculated based upon the applicants exact age at the time of application, not their age as of the requested coverage effective date.

Initial Premium

- The premium calculated from the outline will be the amount you enter on the Premium Collected box located on the application.
- Circle the appropriate mode for the **initial** payment.

Renewal Premium

- Determine how the client wants to be billed going forward (**renewal**) and select the appropriate mode on the Renewal Mode section on the application.
- Indicate, based on the mode selected, the renewal premium. **Monthly direct is not allowed.**

NOTE: If utilizing electronic funds as a method of payment, please complete the Authorization To Withdraw Funds form.

Collection of Premium

At least one month's premium must be submitted with the application. If a mode other than monthly is selected, then the full modal premium must be submitted with the application. In California, only one month's premium can be submitted with the application.

NOTE: The Company does not accept post dated checks or payments from Third Parties except for approved List-Bill situations. We do not accept checks or payments from Foundations as premium for Medicare supplement/Select **for either** individuals or List-Bill situations.

List-Bill Collection of Premium

Use list bill for Mutual of Omaha and United World Medicare supplement plans paid through an employer or a third-party list-bill administrator. In order to use the list-bill program, you must establish and maintain a list-bill account for three or more individuals. You will need to follow the steps in the List-Bill Administration Guide (M27005) and submit a completed List-Bill Enrollment Form (M27024). Both documents can be found on Sales Professional Access under the **Product Name** "Premium Payment-List Bill". For more information, contact a customer service representative at 1-800-877-1050 or find the List Bill training powerpoint presentation located on Sales Professional Access on the product page for list bill.

Business Checks

If premium is paid by a business account, complete the information located on the Producer Information form.

Conditional Receipt

The Conditional Receipt must be completed and provided to applicant if premium is collected.

NOTE: Do not mail a copy of the receipt with the application.

Shortages

The company will communicate with the producer by telephone, e-mail or FAX in the event of a premium shortage. The application will be held in pending until the balance of the premium is received. Producers may communicate with Underwriting by calling 1-800-995-9324 or by FAX at 1-402-351-2552.

Refunds

The company will make all refunds to the applicant in the event of rejection, incomplete submission, overpayment, cancellations, etc.

Our General Administrative Rule – 12 Month Rate

Our current administrative practice is not to adjust rates for 12 months from the effective date of coverage.

APPLICATION

Properly completed applications should be finalized within 5-7 days of receipt at Mutual of Omaha/United World. The ideal turnaround time provided to the producer is 11-14 days, including mail time.

Application Sections

The Medicare supplement application consists of the Plan Information section and 4 parts that must be completed. Please be sure to review your applications for the following information before submitting.

Group Number field

- If filling out application booklets for list-bill situations, please be sure to include the assigned group number in the field provided at the top right hand portion of the application. This number is assigned by Mutual of Omaha/United World when a List-Bill Enrollment Form is processed. Applications should not be submitted without the group number
- This information is not needed for standard Medicare supplement application packets.

Plan Information

- Entire Section must be completed.
- This section should indicate the plan or policy form selected, effective date, premium paid, and the premium payment mode selected — both initial and renewal.

Part I — General Information

- Please complete the client's residence address in full. If premium notices are to be mailed to an address other than the applicant's residence address, please complete the mailing address in full. Age and Date of Birth are the exact age as of the application date.
- Complete the client's Social Security Number and E-mail address (if one is available).
- Verify the applicant answered "Yes" to receiving the Guide to Health Insurance and Outline of Coverage. It is required to leave these two documents with the client at the time the application is completed.
- Answer the tobacco question. (Refer to the Calculating Premium section on page 10 for list of states where Tobacco rates do not apply during Open Enrollment or Guarantee Issue situations).

Part II — Existing Coverage Information

- Please indicate if the applicant is covered under Parts A and B of Medicare.
- Complete the applicant's Medicare card number if they are covered under Medicare and the date they will be eligible if not.
- If the applicant is applying during a Guarantee Issue period, be sure to include proof of eligibility.
- If the applicant has had coverage from any Medicare plan other than original Medicare within the past 63 days including a Medicare Advantage plan, or a Medicare HMO or PPO, or are still covered under this plan, complete question #5 and include the replacement notice.
- If the applicant has had any other health insurance coverage in the past 63 days, including coverage through a union, employer plan, or other non-Medicare supplement coverage, complete question #6.
- If the applicant has a Medicare supplement insurance policy in force, complete question #7. If the applicant is replacing another Medicare supplement policy, include the replacement notice.
- Verify if the applicant is covered through his/her state Medicaid program.
- List any other health insurance policies that have been sold to the applicant by the Producer.

Part III — Health/Medical Questions

- If the applicant (**including** Plan N applicants) is applying during an Open Enrollment or a Guarantee Issue period, do not answer the health questions or prescription information.
- If applicant is not considered to be in Open Enrollment or a Guarantee Issue situation, all health questions must be answered, including the question regarding prescription medications
- Applicants applying for Plan N in CO, FL, KS, ME, MN, PA and SD, outside of an Open Enrollment or Guaranteed Issue period, are **only** required to answer the End-Stage Renal Disease (ESRD) question, along with the tobacco question in PA.

NOTE: In order to be considered eligible for coverage, all health questions must be answered “No.” For questions on how to answer a particular health question, see the Health Questions section of this Guide for clarification.

Part IV — Important Statements and Signatures

- Applicant must read the important statements prior to signing application
- Signatures and dates: required by both applicant and producer. The producer must be appointed in the state where the application is signed.

NOTE: Applicant’s signature must match name of applicant on the application. In rare cases where applicant cannot sign his/her name, a mark (“X”) is acceptable. For their own protection, producers are advised against acting as sole witness

- If an application is taken on a Kansas resident, the producer must be appointed in Kansas and in the state where the application is signed.
- If someone other than the applicant is signing the application (i.e., Power of Attorney), please include copies of the papers appointing that person as the legal representative.

HEALTH QUESTIONS

Unless an application is completed during Open Enrollment or a Guarantee Issue period, all health questions, including the question regarding prescription medications, must be answered. Our general underwriting philosophy is to deny Medicare supplement coverage if any of the health questions are answered “Yes.” Plan N requires more limited underwriting. For a list of uninsurable conditions and the related medications associated with these conditions, please refer to page 16.

There may, however, be situations where an applicant has been receiving medical treatment or taking prescription medication for a long-standing and controlled health condition. Those conditions are listed in health questions 8, 9 and 10.

A condition is considered to be controlled if there have been no changes in treatment or medications for at least two years. If this situation exists and you would like consideration to be given to the application, answer the appropriate question “Yes,” and attach an explanation stating how long the condition has existed and how it is being controlled. Be sure to include the names and dosages of all prescription medications.

If you have had questions about the interpretation of health questions f and g on the application, please see the information below.

People with diabetes mellitus that require, or have ever required, more than 50 units of insulin daily, or people with diabetes (insulin dependent or treated with oral medications) who also have one or more of the complicating conditions listed in question f on the application, are not eligible for coverage. For purposes of this question, hypertension (high blood pressure) is considered a heart condition. Some additional questions to ask your client to determine if he/she does have a complication include:

1. Does he/she have eye/vision problems?
2. Does he/she have numbness or tingling in the toes or feet?
3. Does he/she have problems with circulation? Pain in the legs?

Consideration for coverage may be given to those persons with well-controlled cases of hypertension and diabetes. A case is considered to be well controlled if the person is taking less than 50 units of insulin daily or no more than two oral medications for diabetes and no more than two medications for hypertension. A combination of less than 50 units of insulin a day and one oral medication would be the same as two oral medications if the diabetes were well controlled. In general, to verify stability, there should be no changes in the dosages or medications for at least two years. Individual consideration will be given where deemed appropriate. We consider hypertension to be stable if recent average blood pressure readings are 150/85 or lower.

Uninsurable Health Conditions

Applications should not be submitted if applicant has the following conditions:

AIDS	Diabetes (MN only)
Alzheimer's Disease	Emphysema
ARC	End-Stage Renal Disease (ESRD)*
Cirrhosis	Kidney disease requiring dialysis
Chronic Obstructive Pulmonary Disease (COPD)	Lateral Sclerosis (ALS)
Other chronic pulmonary disorders to include:	Lupus - Systemic
Chronic bronchitis	Multiple Sclerosis
Chronic obstructive lung disease (COLD)	Myasthenia Gravis
Chronic asthma	Organ transplant
Chronic interstitial lung disease	Osteoporosis with fracture
Chronic pulmonary fibrosis	Parkinson's Disease
Cystic fibrosis	Senile Dementia
Sarcoidosis	Other cognitive disorders to include:
Bronchiectasis	Mild cognitive impairment (MCI)
Scleroderma	Delirium
Diabetes - Insulin >50 units/day	Organic brain disorder
	Spinal Stenosis

*ESRD is the only uninsurable health condition for Plan N applicants applying in CO, FL, KS, ME, MN, PA and SD.

In addition to the above conditions, the following will also lead to a decline:

- Implantable cardiac defibrillator
- Use of supplemental oxygen
- Use of a nebulizer
- Asthma requiring continuous use of three or more medications including inhalers
- Taking any medication that must be administered in a physician's office
- Advised to have surgery, medical tests, treatment or therapy

Partial List of Medications Associated with Uninsurable Health Conditions (Not applicable for Plan N applicants)

This list is not all-inclusive. An application should not be submitted if a client is taking any of the following medications:

MAILING APPLICATIONS TO PROSPECTS

Mailing a completed application adds a few steps to the normal sales process. Below is a brief description of the necessary steps. The form (M24769_0208) available for download on SPA in Forms and Materials provides a complete description of the process.

When calling a prospect who responds to a lead, always attempt to schedule a face to face interview. However, if the prospect prefers, you may continue the sales process on the phone. You need to begin by explaining to the prospect the following steps you will take to complete the sale.

You will:

- ✓ Ask the prospect the questions on the application and required forms; mail the completed application and required forms to the prospect for their review and signature;
- ✓ Tell the prospect that they need to carefully review the application and forms for completeness and accuracy and then sign;
- ✓ Have the prospect return the signed application, forms and premium payment to you in a postage paid envelope;
- ✓ Upon return of the application and other forms, verify that all the required forms are completed and signed;
- ✓ Submit the application through the usual channel; and
- ✓ When issued, deliver the policy according to current policy delivery guidelines.

Always remember:

- You must be licensed to sell in the state where the prospect is at the time of solicitation
- The applicant's state of residence controls the application, forms and premium
- If an application is taken on a Kansas resident, the producer must be appointed in Kansas and in the state where the application is signed.
- The client must return the signed applications, forms and premium payment to you and should not submit them directly to Mutual
- Incomplete application submissions will be returned to you, so review thoroughly
- If you solicited the business, you must be the one to sign the corresponding application
- You cannot sign blank applications
- It is not acceptable to mail blank applications, brochures and outlines as prospecting materials

If you have questions, please call Sales Support at (800) 693-6083 for Brokerage and (877) 617-5589 for Agency.
