

Commercial Workers' Compensation Insurance

Target Risk Classes

WorkPartners collaborates with our brokers and agents to create a positive and user-friendly workers' compensation experience. We take a proactive approach to providing workers' compensation coverage through superior claims management and loss control programs. Our commitment to providing excellent service is matched only by the quality of the programs we help our clients build.

REQUESTING A QUOTE

Requesting a quote from WorkPartners is fast and easy! Below are business classes that fit our risk appetite. Quote requests can be submitted and rated through our user-friendly agency portal.

If you do not see your business class on this guide, please contact your underwriter or territory marketing manager. To request access to our online portal, contact your territory marketing manager at **1-866-397-8762** (prompt 3) or via the commercial workers' compensation mailbox at **commercialwc@workpartners.com**.
